The Fencers Club must abide by statutes covering a Non-profit Organization 501(c)(3). This requires formal supportive evidence for all financial aid requests.

The Fencers Club Scholarship Committee, whose decision is final, will review each application and select the recipients of financial scholarships. This duty is in conjunction of the Club's by-laws [Sec 2.04: "To promote the accessibility of the sport of fencing to all individuals regardless of gender, race, age, or socio-economic status"].

**Please note that a financial scholarship for applicants over 14 years of age is only for full or partial remission of membership fees. Successful applicants may, if they wish, apply for work at club functions. Remuneration will be commensurate with age, experience, and duties.

Successful applicants 14 years of age and younger are eligible for awards including full or partial remission of membership fees, as well as classes, or private lessons, competition travel reimbursements, or any combination thereof. Such scholarship awards would entail volunteering at club functions commensurate with age, experience, and skill. Parents or guardians are expected to encourage relevant volunteering.

Financial support for anything other than membership dues requires recommendation of the applicant's coach.

A successful applicant must be able to represent Fencers Club in all competitions, including national tournaments. In line with the club's mission of advancing the sport of fencing in the United States, only those fencers who are eligible to represent the United States will be considered.

All foreign fencers who are on their national teams and are among the top 64 in the FIE senior ranking or in the top 32 in the FIE junior ranking are eligible to apply for the FC Scholars Program.

Scholarships cannot be granted to NCAA students as this is in violation of the NCAA rules. Please apply for the Fencers Club Work-Study Program. Please contact the Executive Director for more information.
